

M3 POS (MC-8800P)

All-in-one enterprise PDA integrated with a thermal printer

Combined utility of a mobile computer and a printer

For guaranteed transaction and payment security

Increased sales productivity

State of the art enterprise mobility device solution

- CPU Intel PXA-320 806MHz
- Memory RAM 128MB / ROM 1GB
- Battery capacity: 2,250mAh
- Printer speed max. 100mm/sec
- 1.2M Drop to Concrete
- RESET Key on the Front

CPU	Intel PXA-320 806MHz	Printer	2 inch Thermal Printer built-in, max speed 100 mm/sec max roll diameter: 30 mm, max paper length: 9.5 m
OS	Microsoft Windows CE 5.0	Scanner	1D or 2D (PDF417)
Memory	RAM 128MB / ROM 256MB (up to 1GB) External SD Card Slot	Camera	2.0M Pixels
Display	3.5", TFT-LCD, 260K Color, Touch, 240x320	Battery	Lithium-Ion Polymer 7.4V, 2250mA (2cell)
Dimension	84.8 x 221.8 x 53 mm	Input Key	3 Functional key, 12 Numeric key, Send, End, Power, Back space, Tab, Enter key, Printer, Side 4 key
Weight	540g (including battery)	Interface	PDA: USB Host / USB Client / Serial Cradle: Serial(RS-232C) 2port / USB / Ethernet
Communication	CDMA 1x, WLAN 802.11 b/g (802.11 a: optional) Ethernet supported through a Cradle, Bluetooth Class 2	Audio	Speaker, Mono Earphone
Antenna	Internal Antenna (CDMA, WLAN, Bluetooth)	Drop Test	1.2m Drop to Concrete
Settlement	MSR (Track 1, 2, 3) / Contact Card Reader (ISO 7816, 4SAMs) EMV Level 1, 2 Certification Contactless Card Reader (ISO 14443 A/B, Mifare)	Environment	Temperature -20 ~ 70 Humidity 95%
